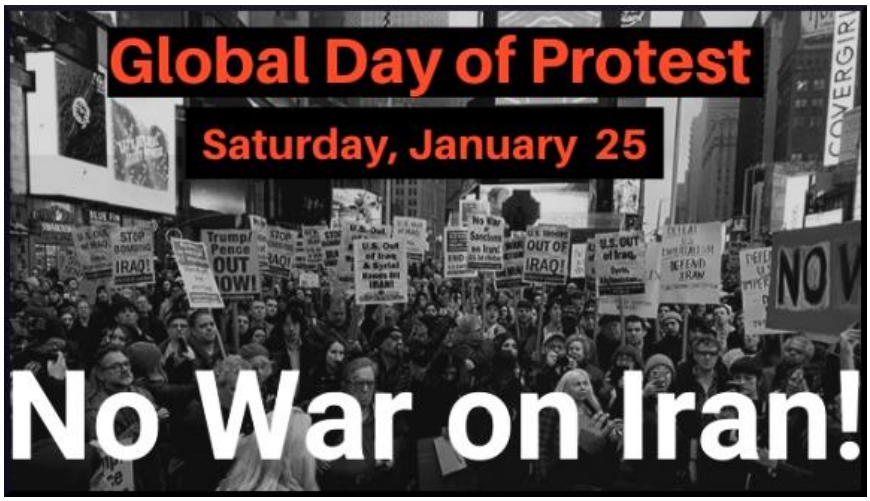
Rochester Stands Up for Peace!

Let us join with people around the country and the world
And call for
An End to Senseless Wars



Saturday, January 25, 2020
Washington Square Park

The horrors inflicted by our military on the peoples of the Middle East, and the perversity of spending the majority of our resources on killing people somewhere else rather than building our own society to support a good life here is bringing us to a pivotal moment, a very dangerous moment. The people need to have a voice in this moment.
We need to tell the government and the powerful that ***we don't want any new wars***.

ROC for Peace!
